

## ***Daily Mileage Log***

The list below shows daily distances, start and stop points. I have taken the distances from maps, so they don't include all the walking off the main route, required to find either a place to camp or the home of some generous Australian, trips for supplies, and so on; these added a further 170km. For clarity, I've omitted the rest days on the list below (eg, there is no Day 7). Where there is no place name specified in the lists below, that means I spent the night camping in the middle of somewhere, or nowhere!
